d. Review of relevant literature - <i>optional</i>	

III. Aims & objectives

IV. Project team

Name & role	Responsibilities	Email address

V. Expected outcomes of study

VI. Disclaimers

No instrument purchase is necessary. This program is open only to companies, institutions, and health care organizations (“applicants”) who submit the application (“application”) located at simplix.com/grant. Applications may not be submitted by individuals, though applications may be prepared by individuals or employees of applicants, including but not limited to the person(s) in charge of the scientific research (“principal investigator”). Applications must be received within the application period. Submitted applications will be judged based on feasibility, innovation, and importance in the single-cell research community. Sponsor reserves the right to cancel this program if a minimum number of 10 qualified submissions are not able to proceed to the judging stage. Participants warrant that they are not prohibited by employment, contract, or law from accepting an award from the sponsor. Offer void where prohibited, licensed, or restricted by federal, state, provincial, or local laws, regulations, or agency/institutional policies. Other restrictions may apply. In case of any inconsistency between these short rules and the complete terms and conditions, the complete terms and conditions will always prevail.
